

Mobilize.org Millennial Meetups Everywhere

Mobilize.org Millennial Meetups Everywhere are opportunities for Millennials in communities around the country to gather, discuss issues in their communities and develop ideas and solutions to address them.

Aligning to the Mobilize.org mission to improve the way democracy works by investing in Millennial-driven solutions, the goal of Mobilize.org Millennial Meetups is to help Millennials use the priorities and solutions discussed and developed during Mobilize.org Democracy 2.0 Summits as guides for their community leadership and civic engagement.

Current guides include:

- Beyond the Welcome Home (Millennial Veteran Issues)
- Outdoor Nation (Environmental Issues)
- Target 2020 - North Carolina (Education Issues)

Each month, Mobilizers around the country will schedule their own Meetups at www.Mobilize.org/Meetups and invite Millennials in their communities to attend. Meetups can be as long and as short as the organizer would like and can cover a range of topics, include guest speakers and special activities, or can even be a way to organize a volunteer service project in their community.

To make sure all Mobilizers around the country stay connected to each other, Mobilize.org will provide a set of guiding questions to Meetup organizers and ask them to share photos, testimonials, videos and blogs from their Meetup with Mobilize.org.

The Mobilize.org team will then post Meetup updates to their website, Facebook page (www.Facebook.com/Mobilize.org) and Twitter ([@mob_org](https://twitter.com/mob_org)) account so the Mobilize.org network can see and share ideas across cities and states. Through the year, Mobilize.org will also provide Meetup groups with t-shirts, books, and other resources to support their efforts.

To learn more about Mobilize.org Millennial Meetups Everywhere or to schedule a Meetup of your own, please visit www.Mobilize.org/Meetups or email Meetup@mobilize.org.
